The Certificate in Environmental Impact Assessment (EIA) aims to develop a cadre of professionals with full introductory understanding and knowledge on the concepts, principles, policies, process, procedures, and techniques of environmental impact assessment through e-learning mode of instruction.

The Certificate in EIA is an offering of the Open University in collaboration with the Environmental Management Institute (EMI). It will be delivered thru the e-learning mode.

The course requirements for the Certificate in EIA consist of lessons and EIA field practice, broken down as follows:

Lesson 1 – Basic Ecological Concepts and Principles in Sustainable Development
Lesson 2 – Principles of Environmental Impact Assessment
Lesson 3 – EIA Regulatory Framework
Lesson 4 – Process and Methodologies of EIA
Lesson 5 – Identification, Prediction and Assessment of Impacts
Lesson 6 – Environmental Risk Assessment
Lesson 7 – Environmental Management Plan
Lesson 8 – Monitoring, Enforcement and Permits
Lesson 9 – Social Impact Assessment
Lesson 10 – EIA Field Practice and Preparation of EIA Statement

Students who have completed the Certificate of Environmental Impact Assessment will be given 4 units credit.

The Certificate in Environmental Impact Assessment will be offered in the distance education mode of instruction thru e-learning (internet session). Students are required to have face to face sessions with their course tutors 5 times during the semester: the first session will be at the beginning of the class, the second session will be during the submission of activities for Lessons 1 – 5, the third session will be during the submission of activities for Lessons 6 – 9, the fourth session will be during the time of Written Examination and the last session will be during the Submission and Oral Presentation of the EIA statement.

Prospective enrollees should be college degree holders and computer literate. They must submit the following requirements to the Open University.

1. Fully accomplished application forms;
2. Original Transcript of Records;
3. Two (2) identical 2” x 2” colored pictures; and
4. 2 letters of recommendation from current supervisors or former professors.

The Certificate in EIA will be handled by faculty members who have long experience in teaching EIA and environmental management courses to graduate students of MS Environmental Management in CLSU and have undergone training in EIA and Environmental Studies in UPLB and further training in EIA either as consultants and EIA reviewer at DENR.
